

**INDIANAPOLIS JET CENTER**

**History** (*'his-t(ə-)rē*) *n.* – a chronological record of significant events often with an explanation of their cause.

*Charles Gates & Bill Lear*

*Charles Gates & Harry Combs*

The employees at the Indianapolis Jet Center are among the most experienced Learjet and Challenger maintenance and inspection personnel in the industry. With 18 years minimum hands on working experience, most of our personnel have been here since Gates Aviation and AMR Combs. In fact, we never left the building. If you are an aircraft broker, talk to us about our prepurchase inspection program.

GATES AVIATION ▶ COMBS GATES ▶ AMR COMBS ▶ BOMBARDIER

**Experience** (ik sper·e .ns) *n.* – activity that includes training, observation of practice and personal participation ; everything done or undergone by a group; personal involvement in or observation of events as they occur.

## *Who are you going to Trust with your investment?*

At Indianapolis Jet Center, our technicians define superior aircraft maintenance through knowledge, quality and safety to provide the finest service in the industry. Whether your visit is for scheduled or unscheduled maintenance, Indianapolis Jet Center has the personnel and experience to meet the challenge. We can take care of all of your needs to include; structural airframe, non-destructive testing, and avionics modifications.

STRUCTURAL AIRFRAME • NON-DESTRUCTIVE TESTING • AVIONICS

# *Aircraft Completion & Refurbishment*

A cornerstone of our facility is our interior capabilities. With 25 years of experience in corporate aircraft refurbishment, our completion center provides a new look to meet the changing trends in the industry. You may want to consider a partial refurbishment of the soft-goods; seats, carpet, sidewalls, or headliner. You can select from many exotic fabrics, leathers, and carpeting. When it comes to custom cabinetry and wood finishes, we work with you to make your imagination a reality. Our designers will assist you in making the right choices through every step of the design process.

BOEING • GULFSTREAM • BOMBARDIER • FALCON • CITATION

# *28 Years of "Hands-On" Turbine Engine Experience*

Our turbine engine personnel have OEM training on these engines; P&WC PT6A, P&WC 305, Honeywell TFE 731, GE CF34, and GE CJ610. Indianapolis Jet Center is an authorized GE Engine and Dallas Airmotive Service Center. These affiliations facilitate your engine repairs. P&WC 305 operators should talk to us about our in-house 300 hour Integrally Bladed Rotor (IBR) inspection process.

ROLLS-ROYCE • HONEYWELL • GENERAL ELECTRIC • PRATT & WHITNEY

President & CEO Randy Kecker

## Quality Mission Statement

The Indianapolis Jet Center is dedicated to the quality that continues to improve our performance.

To that end, our quality system will:

- Promote a work environment based on employee involvement, training, education, teamwork and leadership
- Build self-esteem, empower the individual, employ optimism and enthusiasm, and encourage innovations in safety and quality
- Promote the philosophy that quality and safety is not a priority that can be reordered, but in fact, a value associated with every job
